III. Costs and Benefits

Annual yearly cost vary and are dependent on the number of researchers requesting access to DoD owned information, the volume of information requiring review and/or declassification and other operational constraints within a given FY.

Cost: Cost estimates use actual data for 2012 per hour. Cost is aggregated based on average rank (military), grade (civilian) and time in service for personnel qualified for oversight of researchers within the Washington-Baltimore-Northern Virginia, DC-MD-VA-WV-PA area.

Military = Rank O5 with 10+ years of time in service.

Civilian = Grade GS-13, Step 5+ with minimum 5 years of time in service.

Military = \$39.77 per hour.

Civilian = \$48.51 per hour.

Benefit: This allows the government to assert positive control over access to

classified and unclassified information requested for research purposes. DoD information intended for public release that pertains to military matters, national security issues, or subjects of significant concern to the DoD shall be reviewed for clearance prior to release.

Regulatory Procedures

Executive Order 12866, "Regulatory Planning and Review" and Executive Order 13563, "Improving Regulation and Regulatory Review"

Executive Orders 13563 and 12866 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distribute impacts, and equity). Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This rule has been designated a "significant regulatory action," although not economically significant, under section 3(f) of Executive Order 12866. Accordingly, the rule has been reviewed by the Office of Management and Budget (OMB).

Unfunded Mandates Reform Act (Sec. 202, Pub. L. 104-4)

This rule does not contain a Federal mandate that may result in the expenditure by State, local and tribal governments, in aggregate, or by the private sector, of \$100 million or more in any one year.

Public Law 96-354, "Regulatory Flexibility Act" (5 U.S.C. 601)

This rule is not subject to the Regulatory Flexibility Act (5 U.S.C. 601) because it would not, if promulgated, have a significant economic impact on a substantial number of small entities.

Public Law 96-511, "Paperwork Reduction Act" (44 U.S.C. Chapter 35)

This rule does not impose reporting or recordkeeping requirements under the Paperwork Reduction Act of 1995.

Executive Order 13132, "Federalism"

This rule does not have federalism implications, as set forth in Executive Order 13132. This rule does not have substantial direct effects on:

- (1) The States;
- (2) The relationship between the National Government and the States; or
- (3) The distribution of power and responsibilities among the various levels of Government.

(vi) Make a written determination as to the researcher's trustworthiness based on his or her having been issued a security clearance.

(vii) Compile all information on the request for access to classified information, to include either evidence of an appropriately issued or reinstated personnel security clearance. Forward the information to the DA&M or designee, who will make the final determination on the applicant's eligibility for access to classified OSD or WHS-serviced Component files. If the determination is favorable, the DA&M or designee will then execute an authorization for access, which will be valid for not more than 2 years.

(viii) Notify the researcher of the approval or disapproval of the request. If the request has been approved, the notification will identify the files authorized for review and specify that the authorization:

(A) Is approved for a predetermined time period.

(B) Is limited to the designated files.

(C) Does not include access to records and/or information of other federal agencies, unless such access has been specifically authorized by those agencies.

(ix) Make all necessary arrangements for the researcher to visit the WNRC and review any requested records that have been retired there, to include written authorization, conditions for the access, and a copy of the security clearance verification.

(x) If the requested records are at the WNRC, make all necessary arrangements for the scanning of documents.

(xi) If the requested records are maintained in OSD or WHS-serviced Component working files, make arrangements for the researcher to review the requested information and, if authorized, copy pertinent documents in the OSD or WHS-serviced Component's office. Provide the OSD Component with a copy of the written authorization and conditions under which the access is permitted.

(xii) Compile a list of all the documents requested by the researcher.

(xiii) Coordinate the official review on all notes taken and documents copied by the researcher.

(xiv) If the classified information to be reviewed is on file at the National Archives, a Presidential library, or other facility, notify the pertinent facility in writing of the authorization and conditions for access.

(3) The researcher will:

(i) Submit a request for access to OSD Component files to OSD Records Administrator, WHS/Records and Declassification Division, 4800 Mark Center Drive, Suite 02F09-02, Alexandria VA 22350-3100. The request must contain:

(A) As explicit a description as possible of the information being requested so that identification and location of the information may be facilitated.

(B) A statement as to how the information will be used, including whether the final project is to be classified or unclassified.

(C) A statement as to whether the researcher has a security clearance, including the level of clearance and the name of the issuing agency.

(D) The names of any persons who will be assisting the researcher with the project. If the assistants have security clearances, provide the level of clearance and the name of the issuing agency.

(E) A signed copy of their agreement (see Figure) to safeguard the information and to authorize a review of any notes and manuscript for a determination that they contain no classified information. Each project assistant must also sign a copy of the letter.

(F) The forms necessary to obtain a security clearance, if the requester is an FPA without an active security clearance. Each project assistant without an active security clearance will also need to complete these forms. If the FPA or assistant have current security clearances, their personnel security office must provide verification in writing to the OSD Records Administrator's Security Manager.

(ii) Maintain the integrity of the files being reviewed, ensuring that no records are removed and that all folders are replaced in the correct box in their proper order.

(iii) If copies are authorized, give all copies to the custodian of the files at the end of each day. The custodian will forward the copies of the documents to the OSD Records Administrator for a declassification review and release to the requester.

(A) For records at the WNRC, if authorized, provide the requested information in an electronic format. Review will occur only in the presence of an OSD Records Administrator staff member.

(B) Ensure that all staples are carefully removed and that the documents are re-stapled before the documents are replaced in the folder.

(C) Submit all classified and unclassified notes made from the records to the custodian of the files at the end of each day of research. The custodian will transmit the notes to the OSD Records Administrator for an official review and release to the researcher at the completion of researcher's project.

(D) Submit the final manuscript to the OSD Records Administrator for forwarding to the Chief, Security Review Division, Office of Security Review, for a security review and public release clearance in accordance with DoD Directive 5230.09 and DoD 5220.22-M, "National Industrial Security Program Operating Manual (NISPOM)" (available at <http://www.dtic.mil/whs/directives/corres/pdf/522022m.pdf>) prior to publication, presentation, or any other public use.

All requested information will remain under the control of the WHS/RDD staff until a public release review is completed, and then provided in electronic formats.

(3) If the requested records have been reviewed in accordance with the automatic declassification provisions of Executive Order 13526, any tabs removed during the research and copying must be replaced in accordance with DoD Manual 5200.01 volume 2.

(4) The number of boxes to be reviewed will determine which of the following procedures will apply. The WHS/RDD staff member will make that determination at the time the request is processed. When the historian completes the review of the boxes, he or she must contact the WHS/RDD to establish a final schedule for scanning the documents. To avoid a possible delay, a tentative schedule will be established at the time that the review schedule is set.

(i) For 24 boxes or fewer, review and scanning will take place

simultaneously. Estimated time to complete scanning is 7 work days.

(ii) For 25 boxes or more, the historian will review the boxes and mark the documents that are to be scanned using WHS/RDD authorized reproduction tabs.

(iii) If the review occurs at facilities that OSD does not control ownership of the document, the documents must be given to the WHS/RDD staff member for transmittal for processing.

(5) WHS/RDD will notify the historian when the documents are ready to be picked up. All administrative procedures for classified material transfers will be followed in accordance with DoD Manual 5200.01 volume 1 and DoD 5220.22-M and appropriate receipt for unclassified information will be used.

(e) *Procedures for Copying Documents.* (1) The records will be reviewed and copied at a Presidential library, Archives II, College Park Maryland, WNRC, Suitland, Maryland, or an appropriate U.S. military facility.

(2) If the requested records have been reviewed in accordance with the automatic declassification provisions of Executive Order 13526 any tabs removed during the research and copying must be replaced in accordance with DoD Manual 5200.01 volume 2.

(3) The researcher will mark the documents that he or she wants to copy using WHS/RDD authorized reproduction tabs.

(4) Any notes taken during the review process must be given to the WHS/RDD staff member present for transmittal to the WHS/RDD.

(5) All reproduction charges are to the responsibility of the researcher.

(6) All documents requested will be copied to an approved electronic format by WHS/RDD staff after official review.

(i) The researcher will need to bring paper, staples, staple remover, and stapler.

(ii) When the researcher completes the review of the boxes, he or she must contact the WHS/RDD to establish a final schedule for scanning the requested documents.

(iii) When the documents are scanned, the WHS/RDD will notify the researcher.

(iv) All questions pertaining to the review, copying, or transmittal of OSD documents must be addressed to the WHS/RDD staff member.
