Attachment 3

**(U) DECLASSIFICATION DETERMINATION**

I have determined, pursuant to section 142c of the Atomic Energy Act of 1954, that the following information can be published without undue risk to the common defense and security of the United States, and can, therefore, be declassified and removed from the category of Restricted Data:

The fact that 1 MT of Pu metal will be moved from SRS to Pantex and/or DAF by December 31, 2019 for use at LANL in pit production.
