Attachment 5

(U) DECLASSIFICATION DETERMINATION (U)

I have determined, pursuant to section 142c of the Atomic Energy Act of 1954, that the following information can be published without undue risk to the common defense and security of the United States, and can, therefore, be declassified and removed from the category of Restricted Data:

The complete neutron tube cleaning process sequence, e.g., flow diagram.

W. A. Eckroade 10/24/13
date

William A. Eckroade
Principal Deputy Chief for Mission Support Operations
Office of Health, Safety and Security
