Appendix E.

Inventory Estimates

September 1996

Each tank's inventory estimate is given in three tables: TLM Solids Composite, SMM Composite, and Total Inventory Estimates. Furthermore, each table expresses analyte average concentration as mol/L or ppm as well as kg or MCi inventories. Total site inventories in Mmols and kg are also shown for Rev. 3a as well as for previous revisions, Rev. 1 and Rev. 2. These site inventories are further broken down into DST, SST, Crib, and Leak destinations.

Rev. 3a	All Quadrants	SST's	DST's	CRIB	Leaks	All Quadrants	SST's	DST's	CRIB	Leaks	Total Site
