Michael Ravnitsky

RE: *Freedom of Information Act (FOIA) Request No. 07-019*
Second Initial Action

Dear Mr. Ravnitsky:

This is in response to your appeal (undated) of our initial denial (November 21, 2006) of your FOIA request.

We initially denied your request based on a lack of responsive records. Based on your appeal, we made a second search for records and found that we have some of the information you sought. On December 20, 2006, Phil Kauffman, an attorney in this office, telephoned you to discuss the request. His understanding was that your request was modified to be for the following information:

A list of patent application numbers for applications that were subject to a rescinded Secrecy Order and past their publication date

We have attached that list for the period October 2005 to September 2006. You will notice items 11, 21, and 32 are redacted because these orders were rescinded but not yet published (and therefore are not responsive to your request).

We consider this a full release.

Sincerely,

PHIL J. KAUFFMAN
Associate Counsel
